

Dear Families,

In the coming weeks our class will participate in the Global Kind Project, an event that invites students and teachers to reflect on kindness, empathy and social action. We will also have the opportunity to connect with other classrooms around the world to celebrate our learning and to share our ideas!

The Global Kind Project learning goals include:

- To become more empathetic in the classroom and more aware of the world around us
- To be inspired to take social action to develop and implement projects to serve the needs of others
- With teacher supervision and support, to use social media and digital tools for learning and to collaborate with other classrooms and school communities. *Note: for young children, these tools will be used by the teacher (like Skype to connect with other classrooms).*
- To engage with reading, writing, and digital literacy standards

I invite you to learn more at [GlobalKindProject.com](http://GlobalKindProject.com).

The Global Kind Project was created by The Educator Collaborative, an organization that supports teachers in learning and growing together. If you have any questions about how our class will participate, please let me know. Feel free to ask your child about how they plan to make a positive impact on society.

We look forward to making a difference!
